## Pastoral Care:

Excellent pastoral care is one of the strengths of Ryde School and all pupils, be they boarders or day pupils, benefit from a warm and friendly environment and a culture of coaching and mentoring through which teachers and school staff, senior prefects and parents work together to ensure a frame-work of support for all pupils.

Ryde has a long tradition of educating children of forces families and understands the specific needs of service children and we have members of staff who are either currently members of forces families or have been in the forces themselves. We provide a warm, welcoming, secure and solid environment that allows all pupils to grow and make the most of their individual talents.

\* **\*Prices are based on the current CEA rates and reflect the parental contributions to be paid per term after the CEA entitlement has been agreed. Please note: the cost to parents for the Spring and Summer terms of the 24-25 academic year will not change if VAT is introduced from January 2025, unless there is a change to the CEA.**
